For Farid

Recommendation for [REDACTED], a human rights activist/ defender in Afghanistan.

To whom it may concern:

I, Shukrullah Mashkoor, commissioner and spokesperson for the Afghanistan Independent Human Rights Commission (AIHRC), highly recommend Mr. [REDACTED] **the senior protocol officer** at the protocol department for the office of the president of Afghanistan.

Mr. [REDACTED] has worked as a civil activist for several years in the east of Afghanistan; he was also an active member of the Afghan Anti-Corruption Network (AACN), which lobbied against corrupt people and struggled to create an anti-corruption strategy in Afghanistan.

As a human rights activist, Mr. [REDACTED] has always reported serious human rights violations to the office of the President of Afghanistan and has lobbied to improve the situation of human rights in the presidency.

After the fall of the regime by the Taliban, Mr. [REDACTED] and his family faced a very bad situation. They were attacked several times, and the Taliban's security forces raided their house. Now they are living in secret places in a very bad security and economic situation.

As the commissioner and spokesperson of the Independent Human Rights Commission of Afghanistan, I confirm the poor security situation of Mr. [REDACTED] because he is an active target of the Taliban, and I request all organizations and countries that are cooperating for the evacuation and protection of human rights activists and defenders to help Mr. [REDACTED] and his family in this critical situation. For more information about him, do not hesitate to contact me.

You are sincerely,

Shukrullah Mashkoor, the Commissioner and spokesperson of AIHRC,
